Ceiling Lamp

SPECIFICATIONS

MATERIAL	Metal & Glass
LIGHT SOURCE	LED, Edison bulb (bulbs not included)
INSTALLATION	Ceiling Lamp

AVAILABLE CONFIGURATIONS

Copper Silver (15cm); Copper Gold (20cm); Bright Bronze (25cm)

INSTALLATION OVERVIEW

- 1 Confirm the ceiling junction box can support the fixture and the supplied mounting plate.
- 2 A qualified licensed electrician should isolate power and complete the hardwired connection.
- 3 Secure the body or canopy evenly without pinching wires or overtightening decorative parts.
- 4 Use only the lamp type and electrical rating shown on the product label.

SAFETY

Disconnect power before electrical work. Hardwired fixtures must be installed by a qualified licensed electrician in accordance with local electrical codes. Product components and ratings can vary by option; confirm all values on the product label and supplied instructions before installation.

CARE

Switch off and allow the fixture to cool. Dust with a soft, dry cloth. Do not use abrasives, solvents, or excess moisture. Natural stone, glass, ceramic, wood, and hand-finished metal may show normal variation.
