VOLTAGE	110V-240V
IP RATING	IP65 (Waterproof)

AVAILABLE CONFIGURATIONS

Black / 52cm; Black / 56cm

INSTALLATION OVERVIEW

- 1

Install only in a location permitted by the IP or wet-location rating printed on the product label.
- 2

A qualified licensed electrician should isolate power and complete mounting, sealing, and connection.
- 3

Use suitable exterior fixings and weatherproof all entries in accordance with local electrical codes.
- 4

Do not install where water can collect unless the product label explicitly permits submersion.

SAFETY

Disconnect power before electrical work. Hardwired fixtures must be installed by a qualified licensed electrician in accordance with local electrical codes. Product components and ratings can vary by option; confirm all values on the product label and supplied instructions before installation.

CARE

Switch off and allow the fixture to cool. Dust with a soft, dry cloth. Do not use abrasives, solvents, or excess moisture. Natural stone, glass, ceramic, wood, and hand-finished metal may show normal variation.
